Melanie

Does that mean they are withdrawing the current permit application to MDEQ and reapplying, with all of the additional information included in a new application?

Thanks

Jean

Jean and Chris,

These were sent to us last week.

I also have a disk with attachments. I will figure out how to get them to you if you want them

There is a lot more information that they have sent us over the last few months, but the numbers keep changing.

They have agreed to do a final permit application with the corrected numbers so I will provide you that when we get it.

Feel free to call if you have any questions,

Hi Steve

Please see attached cover letter and information addressing EPA Questions. The written response will only be emailed. The attachments referenced in the document have been put on a CD and are being overnighted because of their size.
